PROFESSIONAL SUMMARY

Customer Support and Technical Account professional with 4+ years of experience, most recently delivering enterprise-level support for a leading global digital advertising platform — managing complex technical cases, troubleshooting ad accounts and campaigns, and serving as acting Subject Matter Expert for a specialist team. MSc-qualified in Computer Systems (Riga Technical University). Earlier built a strong B2C sales record, consistently exceeding revenue targets — including a personal best of \$10,000 USD against a \$5,000 monthly goal. Adept at end-to-end case management, escalating technical issues to engineering, and delivering excellent client outcomes under pressure across multicultural, international teams.

WORK EXPERIENCE

Product Support Specialist / Acting SME | Telus Digital

January 2024 – June 2026

Supporting a leading global social media platform | Global Enterprise Clients | Riga, Latvia

- Managed complex, multi-interaction support cases for global enterprise clients — including Fortune 500 companies — advertising on a leading social media platform; cases spanned ad account management, campaign troubleshooting, Business Manager issues, and payment resolution, with each case varying in complexity from a single interaction to a full-day resolution workflow
- Independently resolved approximately 70% of cases using internal diagnostic tools; escalated the remaining 30% to engineering teams with complete documentation and structured context
- Served as acting Subject Matter Expert (SME): reviewed and approved specialist escalations to engineering, guided team members on knowledge base resources, and supported colleagues on complex technical cases
- Maintained consistent performance against all KPIs every month — CSAT scores, Average Handling Time (AHT), and case volume targets — **earning performance bonuses throughout tenure**
- Formally designated for official SME promotion** prior to company liquidation, reflecting demonstrated leadership and technical expertise within the team

Sales Specialist | Dyninno — Trevolution Group

February 2022 – September 2023

International Flight Ticket Sales — Economy, Business & First Class | Riga, Latvia

- Handled inbound and outbound sales calls for international flight bookings across economy, business, and first class cabins, serving a predominantly US-based but globally diverse clientele
- Achieved a personal record of **\$10,000 USD in a single month — among the highest recorded at the time** — against a monthly target of \$5,000 USD; consistently delivered \$10,000+ months throughout tenure
- Strategically upsold clients from economy to business and first class, increasing average booking value per transaction
- Processed individual and group bookings using Global Distribution Systems (GDS) — Sabre and Galileo — managing the full sales cycle from initial enquiry through to confirmed booking

Travel Consultant (Part-time) | Getin International Tours & Travels

2020 – 2021

India

- Assisted clients with flight and train ticket bookings and itinerary planning; developed foundational skills in travel sales and client-facing service

Junior Audit Executive (Part-time) | RAMCA Chartered Accounting Firm

2019 – 2020

India

- Supported tax computation processes and delivered client-facing administrative and service functions

EDUCATION

MSc, Computer Systems | Riga Technical University

2021 – 2024

Graduated 2024 | Originally enrolled in Business Informatics; transferred to Computer Systems

BCom, Computer Application | Al-Ameen College
